**Type of funding model:** Full cost (in accordance to FAPESP rules for Regular Research Award, including "Reserva Técnica", "Reserva de Importação" and possible scholarships)

#### **What types of costs are eligible for funding?**

**Direct Costs:** The researchers from State of Sao Paulo must follow the rules (including those related to PI eligibility to submit proposals) of the Regular Research Awards ([www.fapesp.br/137#4772](http://www.fapesp.br/137#4772)). Specifically for this Call for Proposals the project duration and requested budget should follow the described below.

**Indirect Costs:** Overheads ("Reserva Técnica", "Reserva de Importação" and possible scholarships).

#### **Upper funding limits for eligible costs?**

The requested budget (total request to FAPESP, including Overheads ("Reserva Técnica", "Reserva de Importação" and possible scholarships) must be less than € 80.000,00 per proposal for proposals with 36 month duration. For shorter proposals the ceiling value is proportionally smaller.

#### **Who can apply?**

Researchers associated to higher education and research institutions in the State of São Paulo.

#### **Additional national eligibility criteria for the proposal beyond the general criteria**

Applicants from State of Sao Paulo must follow the rules (including those related to PI eligibility to submit proposals) of the Regular Research Awards (<http://www.fapesp.br/137#4772>).
