**Other Information:**

The entities that are eligible to receive grants from FONDEF are national non-profit legal entities, including universities and higher education institutions recognized by the State, technological and research and development institutes, both public and private, and other institutions that carry out scientific-technological activities and whose purpose, expressly indicates in their statutes, is to carry out research and development activities.

The maximum duration time of the projects will be 36 months and the maximum amount of subsidy to be awarded by CONICYT will be up to 80% of the total cost of the project, with a maximum limit of 150 million Chilean pesos.

At least 20% of the total cost of the project must be financed by the beneficiary entities of the subsidy. This contribution could be in-kind.

Each Chilean partner applying for funds from CONICYT must include in its proposal a "Letter of support" signed by the legal representative of their organization.

Applicants from Chilean institutions, whose full proposals have been awarded, will have to sign a formal contract with CONICYT in order to transfer the funds. Chilean beneficiaries will report funding directly to CONICYT according to the institutional requirements.
