

ISRAEL	
Institution	Chief Scientist Office, Ministry of Health (CSO-MOH)
Name	Avi Israeli
Email	avii@moh.gov.il
Telephone number	972-50-6787787
Initial Funding Commitment	€ 300,000
Tentative number of project partners to be funded with the funding commitment	3

Typo of funding model: Funding of Biomedical research

What types of costs are eligible for funding?

Personnel (students, technicians. applicants excluded); Animal, Materials and con-sumables; Travel (up to 10%); Institutional overhead 10%. No permanent equipment.

Upper funding limits for eligible costs?

Up to 100,000 € per project. When more than one Israeli researcher partner in a consortium, this sum will be divided between them.

An additional 10,000 Euros will be granted if the Israeli researcher is the coordinator.

Who can apply?

PI should hold a Ph.D., M.D., D.M.D. or equivalent degree and employed by an eligible institution. Research will not be funded simultaneously by CSO-MOH on more than one grant (ERA-NET or national). Researchers cannot apply for more than one grant from any ERA-NET funded by CSO-MOH or submit more than one proposal for any single program.

PI holds a position in a university, research center or hospital. Research authority must approve position prior to submission

Additional national eligibility criteria for the proposal beyond the general criteria

Prior to submission, researchers must submit to CSO-MOH an abstract approved by their re-search authority including detailed budget distribution. This is not the consortia abstract, but an abstract describing the activity of the Israeli researcher within the consortia. No submission of abstract can lead to disqualification of the whole application, as well as the consortium.

Bioethics approvals, if applicable, should be submitted with the application or within 4 months later.

Submission of financial and scientific reports at the national level is required
